

MARITIME SOLUTIONS. DELIVERED.

Foss is a full service maritime company focused on solving our customers' toughest marine transportation and logistical challenges—close to home and in some of the harshest environments in the world.

DELIVERING RESULTS.

Foss has the expertise to support any industry requiring marine transportation services. From our Harbor Services division focused on Ship Assist and Tanker Escorts to our Marine Transportation group executing project management and logistics, our experienced team can handle all of the details in local harbors to major multi-year projects across the globe.

With our full-service Pacific Northwest shipyard and an expert marine engineering group, Foss delivers solutions throughout the entire life cycle of a project—from analyzing vessel and equipment requirements for a specific job, to designing a new build or vessel modification, all the way through to production and proper outfitting of the vessel.

ALWAYS SAFE. ALWAYS READY.

At Foss, we continuously improve safety awareness and strengthen our environmental controls through monitoring, sharing best practices and encouraging a safety culture throughout the company. Our primary focus is to keep people, property and the environment safe 100% of the time.

Foss complies with, and is certified by, both domestic and international quality and safety standards such as ISO (International Safety Management) and AWO RCP (American Waterway Operators Responsible Carrier Program).

ALWAYS SAFE. ALWAYS READY.

GLOBAL REACH. LOCAL KNOWLEDGE.

Foss provides harbor services and transportation operations in all major U.S. West Coast ports—including the Columbia and Snake River system—as well as U.S. East Coast ports. Internationally, Foss supports customers across the Pacific Rim, in Europe, South America and the Arctic.

OUR VERSATILE FLEET.

Foss has one of the most versatile, advanced fleet of tugs in the world. Our state-of-the-art fleet provides a full range of harbor, ocean and river services, and our shipyard is continually building new tugs to meet our customers' needs and set new industry standards. Our fleet includes:

- Dolphin Tugs: 5,080 HP
- Hybrid Dolphin Tug: 5,080 HP
- Voith Schneider Tractor Tugs: 3,000–8,000 HP
- ASD Tractor Tugs: 3,000–6,250 HP
- High Performance Tugs: 4,300–8,200 HP
- Conventional Tugs: 1,800–3,500 HP
- Integrated Tug & Barges: 7500 DWT
- Ocean Deck Barges: Up to 425FT x 100FT
- Petroleum Transport Barges: Up to 35,000 BBLs

In addition to tugboats, Foss operates a large fleet of flat deck, multipurpose and specialized cargo/commodity barges, and has access to an extensive list of pre-qualified chartered vessels. We also build and operate specialized vessels created to meet its customers' unique needs.
